

I listen exclusively to K-Love radio. It is the only safe station for me to listen to especially with my children. I don't have to worry about them hearing anything negative, disrespectful, hateful or harmful. The music on K-Love is positive and encouraging and I don't have to worry about hearing inappropriate commercials or comments from the radio personalities.

Obviously, this station would not be on the airwaves if people like me did not support it. by expanding LPFM you would be taking something away that so many people want and NEED. This station literally has saved my life and the lives of many others. How many suicidal people can say their lives were saved by listening to todays "hip" music? Music is suppose to make you feel good about life and living which is what K-Love does. If K-Love goes, so does the only "musical" beacon of hope the FM airwaves provides.
